IWCG"It may not be the first world we live in anymore, but it still is the first this world has ever been where geeks can get away with making movies about saving humanity. In many ways, however, the genre has always been all about saving humanity, because by the time it gets to the end of the planet, humanity has always stopped working together and started fighting each other, so the good guys need to stop all of the other bad guys from doing the same. Sure, we live in a TV show now, but it's the first time that, in the history
