Bunker Long ago, a grand civilization spread out across the face of the planet. A war destroyed many outposts, and soon everything became enclosed within defensive fortifications. From these prehistoric fortresses sprang the towns you'll visit throughout Bunker. To enter these towns, you'll need to use a Portal Gun. A device powered by the dark energy released by a ruined and cursed city in a dark corner of the world. Ghost Planet Somewhere amongst the mountains in Antarctica, you'll find a small settlement on a plain of ice. Humans who were isolated there say their ancestors left from some North American province, but who knows really? Things that live in the ice like ziggaflies, icvirus and more also know about the Portal Gun. Protect yourself and your companions... It's only a matter of time before they discover it, too. Story The year is 2108. A malicious virus known as the Z-Word invades the world. A zombie army threatens the city dwellers. Civilians are killed. The military tries to stop them but it is too late. Life for the survivors has changed forever. The world is split in two. Two sides—the survivors and the remaining infected. And both are unaware that somewhere amidst the frozen wilderness a powerful device lies, waiting to be discovered. Protect your friends. Explore the ruins. Solve the mystery. Achieve the impossible and help the fate of the world change back to what it once was. © VALVE, Inc. Watch a short video of the game, including a small sample of gameplay (in German): Downloads Trapped Summoner - Trailer - Excerpts: Trapped Summoner - Read the game description on the website:Trapped Summoner is an interesting, entertaining and challenging game with all the features of a serious RPG, but also with all the skills of a difficult one-dimensional.In this minimalist and retro game you are a trapped soul, who does not want to leave the underground of the Castle of Taigren and as such goes through a journey of exploration and combat with monsters, traps and other mysterious things, which, as you see, have a terrible power over you.Who will you be? Warrior or magician, robber or pirate, fire? And what will you do to save your soul in the dark labyrinth of evil?The choice is yours, as in life.The game has a rich and intuitive interface which you will love from the first time you start to play. In addition, the game has a dark atmosphere, including a unique story, great music, a variety of options and some very hard battles that will leave you breathless.Trapped Summoner is not a game for lazy players. You need to have the right approach and patience to fight at your character`s best, which in turn will increase your chances of survival.At your disposal is a great variety of weapons, potions, traps and skills to keep you on your toes!And, to top it off, a rich, yet understated, world.Amenities of the gameplay are as follows:Player selection - depending on your selection, you can play the game in its two difficulties:- Casual - challenging, but easy to control- Frightful - challenging and difficult to controlWith this you can select which version of the game is most appropriate for your level of experience and your chosen character.Control - the game control is intuitive and simplified to meet your expectations.- Keyboard and mouse (direct control of the mouse)- Touchscreen (browser is compatible with it)- Joystick (it is not recommended).Interface - while playing Trapped Summoner, the user must use the browser to

activate the game interface in order to initiate combat or other actions. The interface is very simple and intuitive, which takes a few minutes to learn and use, but keep in mind that this is a dark, complex story.Speed - the game is presented in a traditional interface, which is downloaded from the Internet and is played in the browser using the interface
